| Maximum allowable towing mass (kg) | <ul style="list-style-type: none"> <li>• Without brake 750kg</li> <li>• With brake 1600kg</li> </ul> |

| Engine                        |                           |
|-------------------------------|---------------------------|
| Engine type                   | SQRH4J15                  |
| Displacement (mL)             | 1499                      |
| Intake form                   | Supercharged intercooling |
| Cylinder arrangement          | Inline                    |
| Number of cylinders (PCS)     | 4                         |
| Number of valves per cylinder | 4                         |
| Compression ratio             | 14.5:1                    |
| Cylinder diameter (mm)        | 72                        |
| Stroke (mm)                   | 92                        |
| Maximum power (kW)            | 115                       |
| Maximum power (Ps)            | 156.4                     |

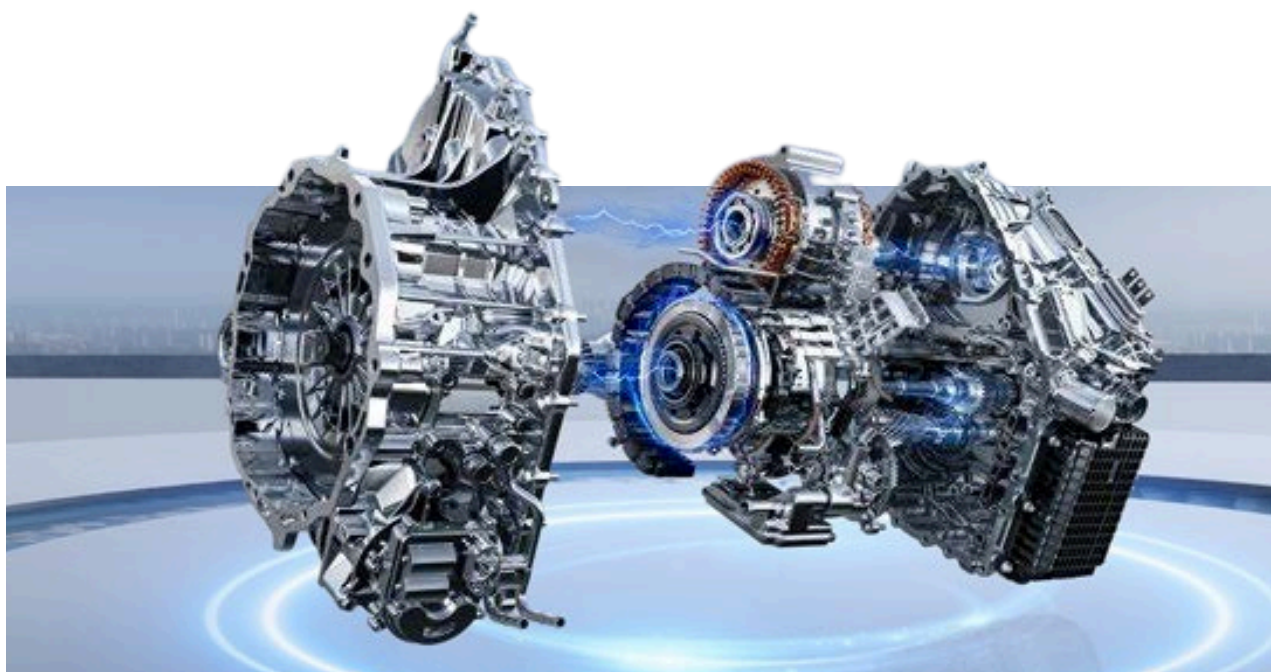

|                            |          |
|----------------------------|----------|
| Maximum power speed (rpm)  | 5200     |
| Maximum torque (N·m)       | 220      |
| Maximum torque speed (rpm) | 2500     |
| Fuel form                  | PHEV     |
| Fuel oil label             | 95#      |
| Oil supply mode            | GDI      |
| Cylinder head material     | aluminum |
| Cylinder block material    | aluminum |

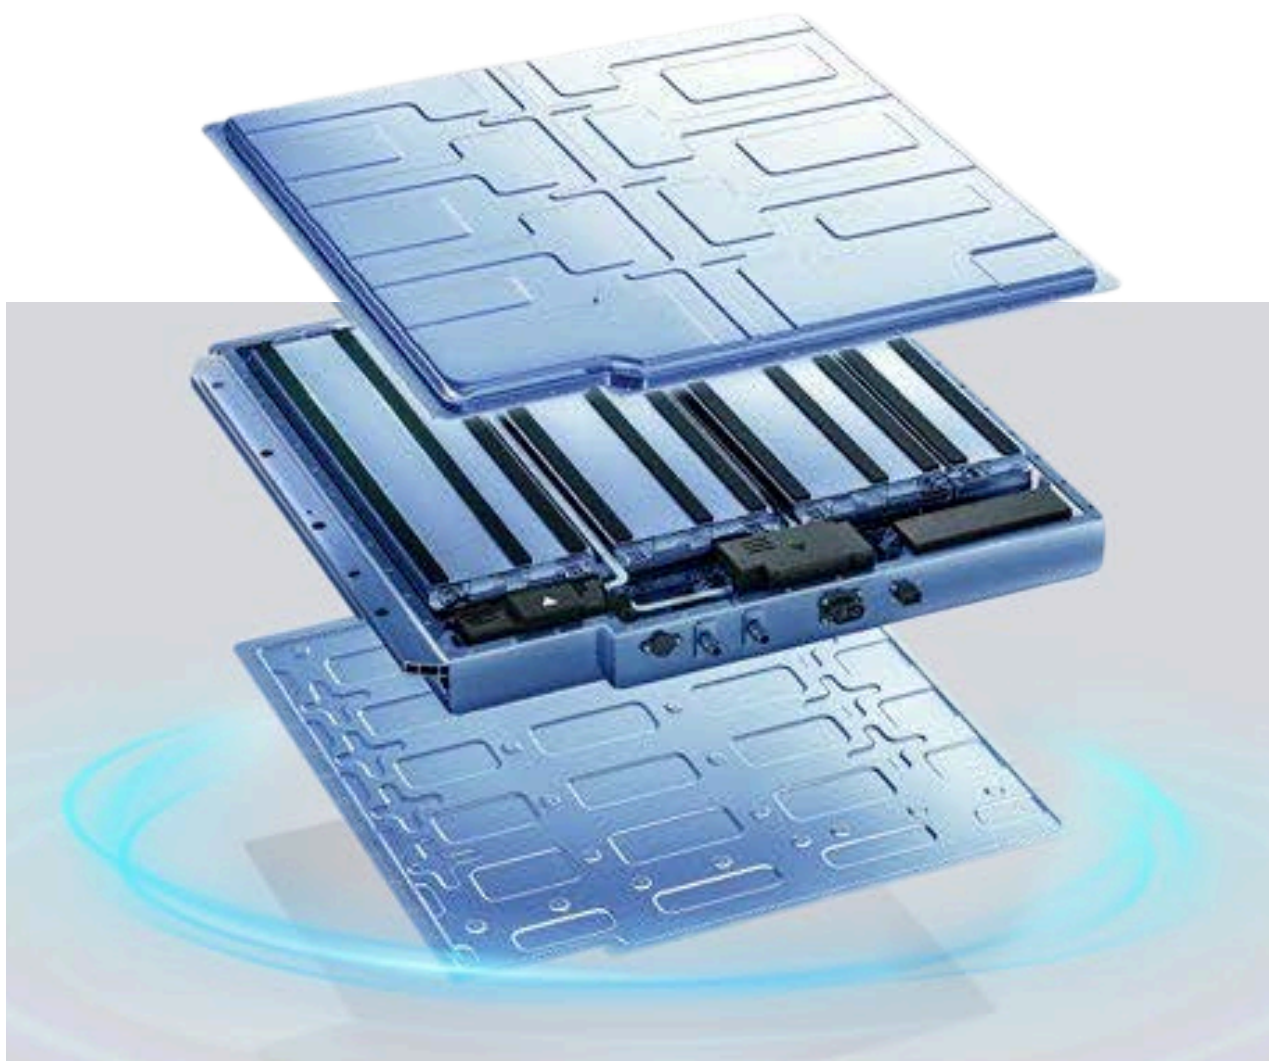

## Electric motor

|                              |                                    |
|------------------------------|------------------------------------|
| Motor type                   | Permanent magnet synchronous motor |
| Total motor power (kW)       | 165                                |
| Total motor power (Ps)       | 224.4                              |
| Total motor torque (N.m)     | 390                                |
| Front motor1 power (kW)      | 75                                 |
| Front motor1 power (Ps)      | 102                                |
| Front motor1 torque (N.m)    | 170                                |
| Front motor2 power (kW)      | 90                                 |
| Front motor2 power (Ps)      | 122.4                              |
| Front motor2 torque (N.m)    | 220                                |
| Number of front drive motors | 2                                  |
| Motor layout                 | Hybrid box integration             |
| Combined Power (Ps)          | 380.8                              |
| Combined Torque (n.m)        | 610                                |

## Power Battery

|                            |             |
|----------------------------|-------------|
| Battery Type               | LiFePO4     |
| Battery energy (kWh)       | 26.7 (CALB) |
| Fast charging capacity (%) | 30%-80%     |

## Gearbox

|                   |     |
|-------------------|-----|
| Number of gears   | 3   |
| Transmission type | DHT |

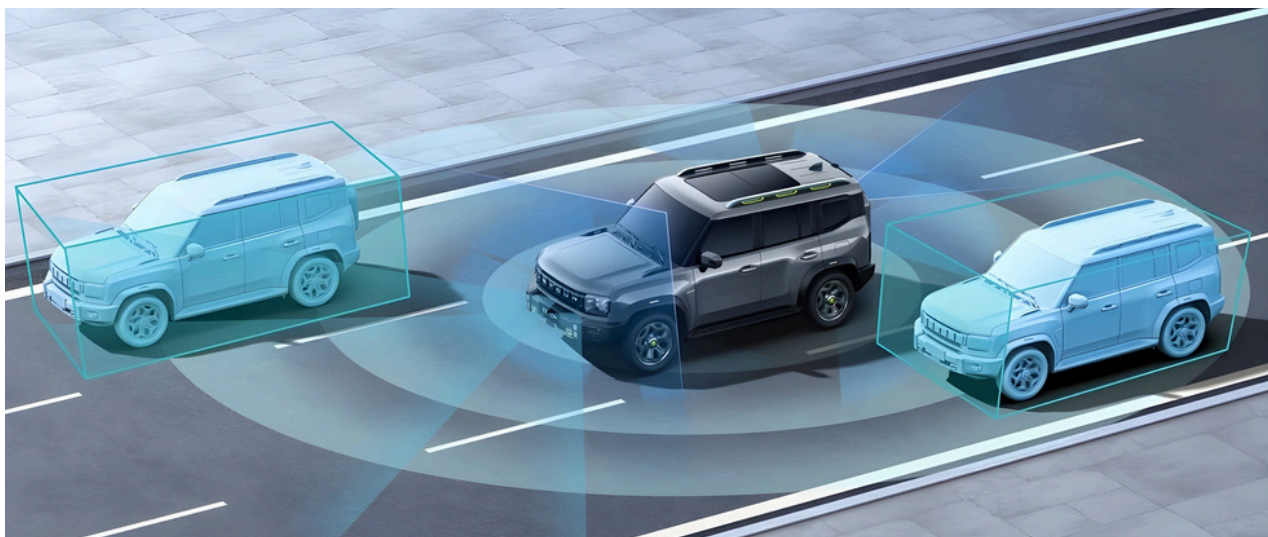

| Chassis steering                |                                                                                                                                                 |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Driving form                    | Front engine Front Drive                                                                                                                        |
| Form Of Front Suspension        | MacPherson                                                                                                                                      |
| Form Of Rear Suspension         | Multi-link                                                                                                                                      |
| Form Of Power-Assisted Steering | Electric power                                                                                                                                  |
| Body structure                  | monocoque body                                                                                                                                  |
| Underbody Cover                 | <ul style="list-style-type: none"> <li>• Front cabin plastic guard plate</li> <li>• Rear fuel tank guard plate</li> </ul>                       |
| Front brake type                | Ventilation disk brake                                                                                                                          |
